# Day-Blind

One clap of day and the dream  
rushes back  
where it came from. For a moment  
the ground is still moist with it.  
Then day settles. You step onto dry land.

Morning picks out the four  
corners, coffeepot, shawl of dust  
on a cupboard. Stunned  
by brightness, that dream-  
where did it go?

All day you grope in a web  
of invisible stars. The day sky soaks them up  
like dreams. If you could see  
in the light, you'd see what fires  
keep spinning their mesh of threads

around you. They're closer  
than you think, pulsing  
into the blue. You press your forehead  
to the cool glass.

They must be out there in all that dazzle.

# Principal's Message

## Mr. Piecara

As I reflect upon the members of the Class of 1998, and the many students I have watched mature during these past four years, I am impressed by your dedication to the pursuit of excellence and your commitment to achieving personal and educational goals. I believe that each member of the Class of 1998 has learned the value of commitment and responsibility, dedicating many long hours to successfully completing the requirements for graduation while accepting the challenge and responsibility of student leadership at Marple Newtown Senior High School. I am confident that each member of the Class of 1998 is experiencing the feeling of success as you prepare to accept your diploma from high school and begin to welcome the many new challenges your future has for you. With graduation rap-

idly approaching, I believe you have truly learned the meaning of commitment and success and are destined to become the leaders of the future.

I encourage you to accept whatever the future has to offer with a positive attitude and to devote yourself to accomplishing the goals you have set for yourself. Remember that success is not measured by material standards, and that successful people find contentment with the knowledge that they have dedicated themselves to the pursuit of excellence. Wherever your future takes you, whatever the responsibility, commitment to the pursuit of excellence will lead to lasting success in life.

I wish you continued success, good health and the best that life has to offer.

### The Dawning Show

As the skies grow dim and time passes,  
The earth begins to settle down.  
Sounds from nature as if rehearsing designated  
parts,  
While settles the earth and stills the wind.  
The colors so brilliant in the darkening sky,  
Are very enchanting to one's hazy eyes.  
No one sleeps during this play.  
They stay awake and watch amazed.  
One does not time how long this goes on,  
Minutes, seconds, sometimes seeming everlasting.  
Nature begins singing earth her lullabye.  
And she begins closing her sleepy eye  
The ocean calms its splashing and crashing  
While everyone sleeps under the moons  
everlasting glow.

# Spirit Week '98

Spirit Week kicked off a few days early this year with Pajama Day. Slippers and nightgowns were seen all over the school. Also, each class started early in collecting money and cans for the canned food drive. The drive ended on Tuesday and was a huge success: Marple was able to contribute over 2000 cans to charity.

The volleyball game on Tuesday opened with the championship round of the Intramural Teams. The girl's varsity team then took on both the Champions and a team of Faculty members and came out victorious in both rounds. Later that day, each class performed its original skit to the entire school. With the theme of the performances being MTV, the Marple stage was full of music, dancing, and plenty of Spice Girls.

Wednesday brought the end of Spirit Week, but also the most exciting part of it: Color Day. Each class showed its spirit by wearing clothes and decorating its hallway in its respective color: Freshmen in Gray, Sophomores in White, Juniors in Orange, and Seniors in Black. Spirit Week culminated with the Pep Rally during 10th period that had contests, races, and games between the classes. Each class score was then tallied, and the Seniors came out on top. Go Class of '98!

# LAST WORDS

Wow, what a year! Considering I didn't even know what a layout was last year, I think things went pretty smoothly which brings me to the staff: Merav, Becky, Hannah, Liz, Angela, Nikki, Katie, Jess, and everyone else who helped out along the way, I couldn't have done it without you. Merav - what can I say . . . we did it! Becky - all those days (or should I say nights) we stayed after school sure did pay off. This yearbook is as much yours as it is mine and Merav's. Hannah - my rock! You rule, babe. Liz and Angela - you guys made it so much easier for all of us . . . sometimes by doing the little things that get overlooked, and I apologize for that. Believe me, your efforts have not gone unappreciated. Nikki - thanks for taking whatever I threw at you! I love you! Katie and Jess - it's up to you guys now . . . good luck and have fun with it. The best advice I can give you is to always maintain a sense of humor and to budget your time wisely. Don't worry, you'll be fine! Good luck next year and in all you do. Ashley - my unique helper and after school companion . . . HELLO, HELLO! Yeah, you, phatty, I'm talkin' to you! You're the best! And, of course, I'd like to say a huge thank you to Mr. Williams and Mrs. Gallagher for being there to answer all our questions and for being sooooo understanding! To all my friends - I'm gonna miss all of you next year. You know who you are (and beside I can't write all of your initials cause I might spell out a bad word . . . ahhh!) Class of '98 - I don't know about you, but I can't believe it's finally time to move on after 12 years! I wish all of you good luck in the future, and may all your dreams come true. And last, but certainly not least, Mom, Dad, and Kimmie - I'm pretty lucky to have such a loving family, and if I haven't already said it, thank you for always being there for me through it all. I love you more than anything, and yes, Mommy, I will call next year. Thanks again to everyone who has made this year's yearbook a success!

Love always,

"And everywhere people asked him why he was walking through the country. Because he loved the things he tried to explain. He said he was nervous and besides he wanted to see the country, smell the ground and look at grass and birds and trees, to savor the country, and there was no other way to do it save on foot. And people didn't like him for telling the truth. They scowled, or shook and tapped their heads, they laughed as though they knew it was a lie and they appreciated a liar. And some, afraid for their daughters or their pigs, told him to move on, to get going, just not to stop near their place if he knew what was good for him. And so he stopped trying to tell the truth. He said he was doing it on a bet- that he stood to win a hundred dollars. Everyone liked him then and believed him. They asked him in to dinner and gave him a bed and they put lunches up for him and wished him good luck and thought he was a hell of a fine fellow. Doc still loved true things but he knew it was not a general love and it could be a very dangerous mistress."

John Steinbeck, *Cannery Row*

*Merav Bushlin*

Well! The yearbook is finally done! It's quite an achievement: from heated discussions about the cover to deciding which unlucky person had to do yet another layout to trying to get the stupid phone to work to proclaiming "I quit" everyday after school! So many memories, huh? Thanks, Lori, for being so authoritative! It was so great taking orders from you! All kidding aside, I think we made a pretty good team! Thanks to Merav for being willing to do all those pages that I was just too overwhelmed to handle. And Hannah! I'm so glad I was able to stop "performing" long enough to complete my share of the yearbook! You did such a great job on the sports. You amaze me! Thanks for taking care of the business end of things, Angela. I wouldn't even know where to begin with that. Thank you Nikki, for helping me out in the beginning. And thank you, Lis, for your share of work. Lastly, I'd like to say thanks to Mrs. Gallagher and Mr. Williams for the guidance and assistance in our times of need. This is it, you guys! It better be worth all of our time and effort! Good luck to next year's staff. You're going to need it!

Thanks so much to everyone!  
Love,

# I Dwell in Possibility

I dwell in Possibility-  
A fairer House than Prose-  
More numerous of Windows-  
Superior-for Doors-

Of Chambers as the Cedars-  
Impregnable of Eye-  
And for an Everlasting Roof  
The Gambrels of the Sky-

Of Visitors-the fairest-  
For occupation-This-  
The spreading wide by narrow Hands  
To gather Paradise-

-Emily Dickinson
